Cranfield, 28/11/2017

To whom it may concern

It is my pleasure to offer a letter of support for Mateusz Gasior.

I have had the pleasure of getting acquainted with Mr. Gasior during his studies at Cranfield for the degree of MSc in "Computational and Software Techniques for Engineering", where he has proven to be a dedicated student, a hard worker and a very competent programmer.

I have had the pleasure of reviewing his thesis work and have found it to be of very good quality, demonstrating the ability to apply in a timely and effective manner the knowledge acquired during the MSc course to a problem from a different application field, and to establish a fruitful collaboration with colleagues and fellow programmers and researchers.

Mr Gasior has my full support and recommendation.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Salvatore Filippone'.

Salvatore Filippone
Lecturer, Option Leader "Software Engineering for Technical Computing"
